Please read carefully before beginning practicum assignments

The purpose of this course is to allow educators to earn university credits by developing practical standards-based activities based on the Safe and Civil Schools Conference. Chapman University will award 1 semester unit of graduate level elective credit based upon satisfactory completion of course requirements.

These credits are professional development units not part of a degree program but used primarily for professional advancement (such as salary increment steps and recertification). Students should seek approval from appropriate district or college officials before enrolling in these courses to satisfy any degree, state credential, or local school district requirements. State licensing departments vary regarding their criteria for credit acceptance and some states may not accept credit from universities that are located outside the state.

Please note that you must complete a minimum of 15 hours of combined seminar time plus practicum time for each semester unit as follows:

1 unit = 15 hours
2 units = 30 hours
3 units = 45 hours

Evaluation

Included in this syllabus is a rubric that matches the requirements for each assignment. Your assignments will be evaluated based on that rubric. Use this rubric as you evaluate your own assignments to ensure that you are meeting all requirements.

- **Assignment # 1: Online Module Assessment Forms:** Please attach the assessment forms from the 22 online modules. ***Please note time for viewing on the Annotated Time Log**
- **Assignment # 2: Complete planning and registration for www.my10yearplan.com.** ***Please note time for completion on the Annotated Time Log**
- **Assignment #3: Professional Development Plan and Training for Instructors** ***Please note time for completion on the Annotated Time Log**
- **Assignment # 4: I-hour Phone Interview.** ***Please note time for the phone call on the Annotated Time Log**
- **Assignment # 5: Annotated Time Log**

To document your online and practicum time, create an Annotated Time Log using the form included in this syllabus or a similar one of your own. **Please total the number of hours.**

The easiest way to create a TABLE is to use the Microsoft Word "Table" option. Choose "Table" at the top of your screen, then choose "Insert." Choose "4" for the number of columns. You can start with "4" for the rows also, but will add/delete rows as you go. To add/delete rows go to "Table", then "Insert" or "Delete" and choose the appropriate action. If you want to add another row, put your cursor in the last row of your table and choose "Rows Below."

The sections will expand as you type. The columns can be made wider by using the cursor to drag the lines. Here is an example of the required categories and how the table will look when completed.

Example

DATE	TIME	ACTIVITY	REFLECTION
5/12/08	5 hrs.	Viewed 5 modules and answered assessment questions	I find this method of learning is valuable to me and I enjoy the online modules.
5/15/08	4 hrs	I worked on my Professional Development Plan	This plan will be helpful for training teachers.
Total:	9 hours
